

UPDATED PRODUCTS: \$1500 Energy Tax Credit

More Product Lines are Now Eligible for the Energy Tax Credit!

Save now and save later with energy efficient Silver Line® windows and doors. As part of the Economic Stimulus package, the federal tax credit for eligible energy efficient building products, including qualifying windows and doors has been expanded and extended. This offers homeowners a tax credit of up to 30% of the purchase price with a maximum of \$1500, on qualifying products. Products must be purchased and installed from January 1, 2009 through December 31, 2010.

To be eligible, windows and doors must meet the following requirements:

- a U-Factor equal to or less than 0.30
- a Solar Heat Gain Coefficient (SHGC) equal to or less than 0.30

To qualify for the Tax Credit: *

- Purchase a qualifying Silver Line window or door with the appropriate options to meet the U-Factor and SHGC requirement of 0.30 or lower. (below is a list of qualifying products)
- Save your sales receipt and NFRC performance label to apply for the tax credit.
- Claim the tax credit associated with your qualifying purchase on your Federal filing for the 2009 and/or 2010 tax year.
- **Note:** The tax credit is for the cost of the product only and does not include installation costs. The tax credit is for 30% of the amount paid for the product up to a maximum of \$1500 combined for 2009 and 2010, including other eligible items listed in the IRS Notice. *

* Items listed in **BOLD** above are newly added qualifying products.

While this initial list of qualifying products offers several solutions which allow our customers to take advantage of this incentive, we're diligently working on additional solutions. Other popular products are currently being tested and certified. This list will be updated frequently, as these additional solutions become available. Please check with our Customer Service Department at (800)234.4228 or go to our website (www.silverlinewindow.com) for updates.

*The above is the best available information and is a partial summary of the revisions to the federal tax code (U.S. Code Title 26, Section 25C) as updated by the American Recovery and Reinvestment Act of 2009. Taxpayers should check with the IRS regarding updates to the IRS interim guidance in Notice 2006-26 for further details on the tax credit. Other energy efficient improvements may apply; check the following link and the IRS website for more details (<http://www.irs.gov/newsroom/article/0,,id-154657,00.html>). Silver Line bears no responsibility for determining whether a particular product qualifies for the tax credit. Further, Silver Line does not intend to and is not providing legal or tax advice and recommends that purchasers consult their own tax advisor to determine whether the products they purchase qualify for the tax credit.
